VI. Discussion Items

A. FY17 Grant Application Review

The board does not address any changes to the FY17 grant application. Mr. Pusich confirms that Safety category was not taken out of grant last year for FY16 but was taken out for FY15. Last year the only change was under Management Capacity under the scoring sheet which the board approved 10 points for each sub-category.

B. Score Sheet Review

Mr. Rutecki mentions to the board the possibility to switching the scoring process with a standard scoring system for all nine members. Suggests ranking the programs in each category higher based on number of participants in the program and applying a scoring system based on that. Thinks this can be an improvement since there were some discrepancies from the previous scoring method.

C. Tentative Schedule Review

Mr. Rutecki suggests adding the date which the public has access to the FY17 Youth Activity Grant application.

VII. Liaison Reports

A. JAHC

Mr. Boily says only report for youth participation is the Wearable Arts event that will take place February 13-14.

B. JSA

Mr. Christensen says softball season is over and will be meeting in November.

C. PRAC

Mr. Rutecki says note for this board is that there was a representative from Juneau Roller Girls have instituted a youth program with 5-6 kids. They are looking for money and if all goes well they will apply for YAG.

D. Board Comments

E. Next Meeting – November 17, 2015

F. Adjournment
