Matisse Suarez Youth Activities Board Contingency Form Application 2026

1.

We are requesting contingency funds because Matisse, who is now 9 years old, has qualified for a level of competitive swimming that involves travel and expenses beyond what we originally planned for. Matisse began competitive swimming at the age of 6, and her dedication and natural ability led her to qualify for major events by age 8, moving her into more advanced competition earlier than expected.

Matisse has developed strong skills in both swimming and ski racing. She is a very positive, hardworking, and passionate athlete who approaches every practice and competition with focus and enthusiasm. She learns quickly, pushes herself to improve, and consistently performs at a high level. Her ability to excel in two demanding sports at such a young age reflects her determination, discipline, and love for what she does.

Because these opportunities came earlier and at a higher level than planned, the related expenses exceed our available resources. Contingency support would allow Matisse to continue pursuing her goals in both swimming and ski racing and to represent her community with pride.

Mateus Suarez Youth Activities Board Contingency Form Application 2026

1.

We are requesting contingency funds because Mateus, who is now 9 years old, qualified for a competitive swimming event that requires travel and expenses beyond what we had originally planned for. Although he began competitive swimming at age 6, his rapid progress and ability to compete at higher levels developed sooner than we anticipated, and the associated costs were not included in our initial budget.

This situation is considered an unanticipated event because Mateus's advancement has moved at a pace that exceeded our expectations for his age. While he is naturally goofy and full of personality, he becomes serious and focused during practice, and when he competes, he shifts into full "beast mode." That intensity has helped him grow quickly as an athlete. In addition to swimming, he also plays basketball and participates in ski racing, which adds to the overall financial demands on our family.

Because these competitive opportunities arose earlier and at a higher level than we had prepared for, the expenses exceed our planned resources. Contingency support would ensure that Mateus can participate fully in this important opportunity without creating financial strain.

| Name of Event Requesting Funds For |
| 2026 Alaska Swimming State Championships |
| Please explain your need for contingency funds and what makes this an unanticipated event. |
| <p>My daughter, Gemma, is a 12-year old swimmer with the Glacier Swim Club. She recently swam six qualifying times for the Alaska State Swimming Championship in Anchorage in April. She swam these times in Kodiak at the Alaska Swimming Age Group Championship where another swim parent reminded me of these grant funds. I have no idea how much or what exactly you cover, but Gemma's ticket is \$564.99, our hotel is \$891, and our car rental is \$180, so that is why I put \$1,600 as the total. Thank you for your consideration! Anything would help offset our cost and be appreciated! :)</p> |
| Please attach proof of qualification for event. Attach a flyer/brochure or web address |

| Name of Event Requesting Funds For |
| Alaska Junior Olympic Championship |
| Please explain your need for contingency funds and what makes this an unanticipated event. |
| <p>Dear Youth Activities Board committee, Please consider my daughter application for the Contingent Youth Grant program. We are applying for this funds to help assist finance this important event. Maia is an active youth in the community and an excellent student. Maia has participated in volunteer community events like littler pick up and fundraiser like "cure for Cade" where Maia set up a lemonade stand on her own in two occasions and was able to fundraise over \$200 each time to help Cade's family achieve their goal for medical treatment.</p> <p>Swimming is Maias passion and she has been demonstrating by commitment and continue growth as a person and as an athlete qualifying for State events for Age Group and State Junior Olympic for the past two years. Maia recently attended Age Group swimming competition in Kodiak, Alaska, making finals in 5 of her events.</p> <p>Maia has a state qualified time in the 50 backstroke and is only 0.17 seconds away from the 100 backstroke. Next weekend March 7th Maia will be participating in time trials in Juneau and also has Southeast Champs in early April to achieve more times. With a state qualified Maia is eligible to participate in additional 2 extra events during the swim competition. Maia is a strong competitor and has been working hard to improve her times and is confident she will be able to make it a successful event. During this swimming event there will be charges also for registration fees and team relays fees. We are anticipating the cost for the fees will be \$75.75</p> <ul style="list-style-type: none">-Airline ticket Juneau-Anchorage \$203.30-Airline ticket Anchorage-Juneau \$281.80-Car rental in Anchorage \$159.21-Swimming registration fees and team relays \$75.75 |

We believe sports are a fundamental component to personal success and growth, also the importance to support mental health and wellness.

Supporting Maias swimming opportunities is an important goal for our family. As well supporting her brother in soccer and skiing.

Juneau athletes and families are challenge with higher cost in traveling in and out of Juneau, lodging, event registration fees, car rental, gas and food to be able to attend events. We appreciate very much any assistance to make this event possible and affordable for our family.

Thank you very much for your time and consideration.

Sincerely,

Maike Undurraga Perl (Maia's mother)

Please attach proof of qualification for event. Attach a flyer/brochure or web address
