

Minutes
BUILDING CODE ADVISORY COMMITTEE
CITY AND BOROUGH OF JUNEAU
COMMITTEE MEETING

April 23, 2012
5:00 PM
Juneau Fire Station

I. Roll Call

Committee members present: Chris Gianotti, Doug Murray and Pat Gorman.
CBJ staff present: Charlie Ford
Others present: None

II. Approval of Minutes

Minutes of April 9, 2012 Approved.

III. Public Participation of Non-Agenda Items

None

IV. Completed Action Items

Chris continues review of 2009 IBC:

Chapter 31:

19.03.3106.5 – Special construction: Marquees; construction: Exception allowing combustible construction if sprinklered – **Keep.**

No significant changes.

Chapter 32:

19.03.3201.1 – Encroachments into the public right-of-way; scope. Allows Building Official waiver of restriction of certain encroachments. – **Keep.**

No significant changes.

Chapter 33:

No significant changes.

V. Remaining Action Items

Charlie resent the subsections 304.1.1, 305.1.1, and 306.1.1(IPMC) to the Law Dept. for their opinion on deletion on 2/14/2012 (9/20/2011). **I heard from Law 9/27/11 that they don't think there is a problem with deleting certain subsections but they wanted to check further into these specific subsections to insure that there aren't any specific problems.**

Revisit Section 412 of the UPC when reviewing '09 IBC.

19.04.R324.1.6 compare with section R322 **Review**

19.04.R401.1 Item 3. **Review**

Doug to compare IMC Table 305.4 with UPC Table 3-2 concerning piping support spacing before making decision on Shawn Williams' request to delete Table 305.4.

Doug to research Section 312 requirement to follow procedures in ASHRAE/ACCA Standard 183. Possible Significant Change.

Charlie to check with ICC on removal of exception for under counter dishwashers

Re-review 19.03.903.2.10.1 – Not an SFM modification. Do we want to keep it?

Dave Wood has requested meeting with the Committee at some future date to discuss gas appliances in pit locations.

Marquam George has requested meeting with the Committee at some future date to discuss CBJ adoption of the 2012 International Energy Conservation Code.

While editing the IFGC I noticed that Doug had recommended deleting 19.09.304.13 in it's entirety and designing a handout describing method of calculating combustion and ventilation air for cold climates. The design would be engineered.

While formalizing the Uniform Plumbing Code I noticed a note on 19.06.1.412.0 – **Minimum number of required fixtures** – to add to Action Items to “return to section when reviewing the IBC”.

Section 2104.1.7 **Masonry protection** and Section 2104.1.8 **Weep holes** – both sections deleted in the 2009.

Chris to check ACI to see if they're covered there.

Chris to re-review sections 2304.8.5.1, 2304.8.5.2, and 2304.8.5.3.

VI. New Action Items

- None

VII. Old Business

- None

VIII. New Business

- None

IX. Schedule for Next Committee Meeting

- April 30, 2012

X. Adjournment

- 5:30 pm.
