VII. REPORTS

A. Emergency Programs Report –

- **All Hazard Mitigation Plan – Tom:** Beginning process to complete whole community input form received from state – Identifies worst case scenario hazards in Juneau, described through 32 core capabilities, defines where we are in response capabilities and what our target capabilities are. More to come in coming weeks – may be weekly meetings to receive community feedback. Completing year-end grant applications and projects.

B. Elected Official Report – Wade: None

C. CCFR

- **Updates on Ironman:** Meeting this Friday – communications planning and position assignments, Travel Juneau update included with Agenda
- **Other:** Announcement, new CCFR ladder truck coming!

D. Other Member Reports – Daniel Wiersma – further COVID demobilization – screening building is going away, community testing and vaccine scaling back. Gena Deck: soft close of screening building, it is remaining on site to be repurposed for 6-8 months.

- **Elaine Hickey:** New Public Health project, “Project Gabe” in early stages, to deploy overdose response kits, information, and training. Targeting sea food processors, fish and game, fishing vessels, docks and harbors, and other high-risk industries to address current increase in overdoses. Red boxes that look like AED boxes, 100 boxes for SE are being assembled. Press release and survey coming.

E. NWS Weather Update – Jon Suk – No big events in near outlook, prediction looks normal for Juneau. Occasional rain. Further out from climate prediction center: Temperatures maybe a bit warmer and drier than average, equal chances for precipitation until early July.
