C. October is Fire Prevention Month

- The American Red Cross is giving out free Smoke Detectors (they are good ones - 10year replacement cycle). Juneau folks can call 463-5713 and leave a message to make an appointment.

Papa John's Pizza Alaska selected the Red Cross of Alaska as the “Charity of the Month” for October in honor of Fire Prevention Month. During the entire month of October, you can use the code ‘AKCHARITY’ when ordering pizza online and \$1 from each order will go to the Red Cross of Alaska. Order online here:

<http://www.papajohns.com/ordering/>.

- The National Fire Protection Association also designates this week, Oct. 8-14, as Fire Prevention Week and the theme is, [“Every Second Counts: Plan 2 Ways Out!”](#) “Everyone should have an escape plan and know at least two ways out of their home in case of a fire. And to take that a step further, you should practice those escape plans in the day time and night time as it can be very different at night when there is no daylight to help with visibility,” CCFR Fire Marshal Dan Jager said.

CCFR also stresses the importance of having working smoke alarms and to test them regularly; at least once a month is recommended. “Early detection alerts occupants to call 911 and get emergency responders to the scene as quickly as possible,” Jager said.

Winter is quickly approaching and CCFR reminds residents to have their chimney cleaned by a professional or to clean it themselves by borrowing cleaning equipment from the fire station. Boilers should be serviced once a year by a trained professional to ensure proper operation.
